I have (140) 5"x 1/4" studs to hang plywood. Also have 200 wing nuts to fit them and 140 white plastic caps. I special ordered 150 studs, 150 caps, and 200 wingnuts so I could just hang the plywood for the next storms. They cannot be returned as they were special ordered. I installed 10 of them them on one window and my wife doesn't like how they look. I just paid \$198. Will sell all for \$100 cash. Call John. 843-274-7701
