Cherry Tree

Hi this is a needle in the hay stack kind of post. My step mother Julie Henry grew up in cherry tree. Her parents were Esther and Alvin Henry. When she was young they had a house fire and lost everything including pictures. I am trying to see if anyone remembers their family and if so does anyone have pictures with anyone in the family especially Julie. They are members of the Church of Jesus Christ of Latter Day Saints and they owned Henry's Lunchbar. I don't know where else to spread this due to lack of knowledge of the area. Please don't contact julie or any of her siblings I'm trying to find the pictures as a surprise for Christmas. If you could spread this to a few pages or let me know if there are any community pages like yardsale sights that would be fantastic! Thank you!
