Need a RESPONSIBLE house sitter? (Anywhere the Bellingham Area)

Hi

I'm looking for work in the Bellingham area and I need a place to stay while I'm looking. You may need a house sitter, and so that's a "win/win". I could be available longer term, depending upon the job I find.

Anyway, I don't smoke (no drugs!), I'm mature, male, with a solid resume and excellent references from my last landlord (Before that I'm owned my homes for the last 30 years), I have an 800 credit rating (You don't get that sort of number by being irresponsible!) and I'm dependable. I've just had and passed a background check by the Nuclear Regulatory Commission. It just doesn't get more rigorous than that!

I am moving to the Bellingham area from California. Maybe we can help each other. "I" live in your place to keep it from looking empty and tempting to thieves, and I have a place to stay while I'm searching for work.

I'm good with cats, dogs and exotics (I've owned dogs and parrots).

Write me if you're interested in talking to see if this will work.

(Dennismiller@sbcglobal.net) I'm also a good cook, a commercial kitchen manager, pet
