This is a like-new Kansas KU Jayhawks 6-arm floor lamp. This lamp is officially licensed by the CLC (Collegiate Licensing Company) as an official collegiate product. It stands about 70" when assembled. It has 6 shades: 3 white (with the jayhawk logo) and 3 blue (with the KU logo in red).

This lamp was purchased from the stock of a retailer who had to liquidate their inventory. The manufacturer no longer makes lamps for Kansas, so this is a very rare piece that no one else will have.

This lamp is perfect for dorm rooms, media rooms, game rooms, offices, basements, or any other room in which you want to show your fandom. Guys are tough to buy for, but he will love this lamp to show his support for his favorite college team.
