Price:

100.00 \$

A bit about me: I studied art from a renowned artist in Birmingham, AL. I am a self taught sketch artist and began sketching in 2012. I majored in communication at Auburn University and while in school, taught painting classes. I was born with a rare brain condition called schizencephaly. I have limited use of my right hand making fine motor skills very difficult. I strive to bring awareness to this condition. I am thankful for this talent the Lord has given me, all glory to Him! Serious inquires please email me. Spot isn't held until I have photo and deposit. My website has all of the info.

The sizes I offer are 8x10in and 11x14in. Prices are based on individual portrait.

For 11x14 it is \$150. 8x10, \$100.
