Address: **Napa**
Price: **Free**

I'm giving away my queen-sized wooden bed frame that has 6 large drawers underneath. Mattress not included.

Great for if you lack of space for a dresser!

The bed comes apart in pieces and is easy to re construct. You might need to buy larger screws to put it together again as the holes might be a little stripped.

If interested I will send pictures and the address for pick up. I will not deliver.

Thank

you!
