14 units Used Commercial 4 Lamp - F32T8 - 4 ft. - Self contained Low Profile Fluorescent Troffer with ballasts and acrylic lens covers (Units are \$60-\$100 a piece new without the bulbs)

DESCRIPTION

With a universal operating voltage of 120 to 277 volts, 4-foot fluorescent troffer fixture offers excellent commercial lighting at an affordable price. This recessed fixture will operate four F32T8 fluorescent lamps and requires no tools to attach ballast covers for a simplified installation process.

All Units were taken out a shop that was remodeled units are used and most have bulbs in them but I have no idea if they currently work. Have 14 units would like to sell as 1 lot but may piece out at slightly higher per unit price. Also have 5 8ft 2 lamp flourescent strip fixtures with no bulbs on another listing would combine at reduced price if interested Text at 785-554-8846 if interested.
