With iPhone X, the device is the display. An all-new 5.8-inch Super Retina screen fills the hand and dazzles the eyes. The most durable glass ever in a smartphone, front and back. Surgical-grade stainless steel. Wireless charging. Water and dust resistance. Your face is now your password. Face ID is a secure and private new way to unlock and authenticate. Create beautiful selfies with sharp foregrounds and artfully blurred backgrounds. A larger and faster 12MP sensor. A new color filter. Deeper pixels. And a new telephoto camera with OIS. With no charging cable required, iPhone X is truly designed for the future of wireless and it is ready to be yours.
