Address:

Lafayette Twp., Medina

Price:

Free

FREE - This would be great for a Pre-school, Kindergarten, Elementary School or a Small Office that has a lot of different paper products that needs to be organized. See if your child's school need it.

It has 96 separate compartments meant to hold papers, brochures, forms etc. Each compartment measures 8 3/4" x 11 1/2".

I closed my business and no longer have a need for this organizer. It served me well for many years and I want to pass it along for FREE in hopes someone else will use it.
