Address:

10447 Kumquat Ln, Seminole, Seminole

Price:

160.00 \$

The QuiltCut2 is a patented fabric cutting system that combines essential quilting tools into one ingenious and easy-to-use fabric cutter. It consists of a sturdy wood base, a durable cutting mat, an anchored ruler that pivots at precise angles, and a clamp bar that secures large pieces of quilting fabric.

With the QuiltCut2, you can cut any straight-sided shape, large or small. No more struggling with slipping quilting rulers or templates! Great for all quilters: beginning, advanced, traditional or modern.

This unique combination of tools makes cutting with your rotary cutter safer, more accurate and easier on your hands. Stack up to 10 layers of fabric to accurately cut strips, squares, triangles, diamonds, quilt borders, binding, jelly rolls, square-up quilt blocks, etc.

Best of all, use your QuiltCut2 for straight-sided cuts while saving your AccuQuilt or Fiskars die cutter machine for specialty dies. The QuiltCut2 also provides an anchor point for use with specialty template shapes. It really is the perfect cutting surface for all your quilting needs.
