Address:

George Fox, Newberg

Price:

150.00 \$

I love my chickens but my health has made it difficult to care for my flock. The coop is a kit with an extension I've had for four years. It is still in good shape but I did miss weatherizing it this summer. My hens are young, four not yet a year and the other three are two. They are good layers, I'm still getting eggs even this time of year.
