Address:

Mentor

Price:

10.00 \$

The rainforest booster seat keeps your baby entertained at the table with toys on a removable tray. When it is time to eat, it can be removed for an eating surface. The seat easily attaches tightly to any chair and provides a clean area for your baby to eat in restaurants or can act as a booster seat at home. It conveniently packs into your trunk for on-the-go families. From a smoke-free pet-free home.
