Special Olympics Texas is a nonprofit organization that provides year-round sports training and athletic competition in a variety of Olympic-type sports for over 40,000 children and adults with intellectual disabilities.

This organization is very special to me which is why I'm willing to take that plunge into the icy, cold water!

Please help me in my support of Special Olympics Texas and donate to a cause that is willing to take the plunge.

Donating through this web site is fast, easy and secure. <http://sotx.convio.net/goto/rebecca>

Thanks in advance for your support.

Thank

You
