Looking for 15 homes in the the Winona County area to showcase the latest solar technology as a ground mounted system or on the rooftop. Each qualified home would receive a brand new system installed with zero upfront cost or fees. This will eliminate (or greatly reduce) your current electric bill and replace it with a lower monthly solar payment. You must be a homeowner and have a utility bill of \$100+ per month. Please direct message me or comment below for consideration. Thank you.
