Address:

Saint Ann, Saint Ann

Price:

45.00 \$

I am selling a black, metal, Queen-sized adjustable bed frame. It is super easy to set up and features 4 working casters (wheels, 2 on each rail), arm locks, and caster locks. It does NOT feature a support bar, but those are inexpensive and can be purchased at most furniture stores if you think you really need one. This is a very nice bed frame, and I'd like to get \$45 OBO for it. It does not include any headboards or foot boards. I am only selling the metal frame. However, it could be hooked up to a headboard by bolting one on to the frame itself. Serious inquiries only. POOS. No haggling in person, I will only accept cash, and I would like to meet by my house. I live by the Airport. Respond to this post or inbox me if you're interested.

Thanks!
