I have a PS3 bundle for sale. Runs good, has 16 games, 2 controllers and a charging dock for the controllers. Everything works fine, controllers are charged and ready for use. I do not know where the cable is to connect the controllers to the system, but they are already synced up to it. I will keep looking for it, and will update if I find it. Two of the little covers that go over the screws on the bottom are missing, but it has NEVER been taken apart. Does not come with an HDMI cable.

Games are:

Grand Theft Auto 4 Complete Series (GTA4, The Lost and The Damned, and The Ballad of Gay Tony)

Rogues and Outlaws Collection (Spec Ops The Line, Borderlands 2, and Mafia 2)

The Elder Scrolls V Skyrim (All DLC Included)

MAG

Battlefield 3

Battlefield 4

Call Of Duty Black Ops

Midnight Club 2 Los Angeles (Complete Edition)

Dead Island Complete Edition of the DLC Pack

War of the Worlds

Death Arena

White Elephant
