I have a 32-inch flat screen tv for sale or trade. A few years ago, lightning struck my house and the hd port on the tv was knocked out. I used it for several years after that with the tv set on video and had satellite. It worked fine and still does. I just wanted a bigger one. I would be willing to trade for a good used small or medium size recliner. I am only 5'3" tall and do not need a great big chair. My home phone is 254-865-5797 and my cell is 254-223-8308. Call anytime, leave message or voicemail.
