My wife is an artist. At one point, she used doors as her 'canvas'. She has decided to 'divest' herself of some of them. I have two, one of which is listed here, "The Door Man". It is a hollow core door 80" X 32" X 1 1/4". the back side has two boards screwed on which she used to hang it in her gallery in New York. I think it's cool, but then I'm prejudiced. I also think it's worth \$500, (an will gladly take it from anyone who offers), but it is for sale here for \$100. Picture it in your doorway or on your wall some where...
