Price:

350.00 \$

I'm selling a iPhone 5s 16 GB silver/white unlocked phone (Model A1533). Included in the sale is: the phone, all included accessories (charging cable, power/USB adapter, headphones), retail box and an Apple blue leather case. This phone has some barely visible small scratches on the screen and one minor scuff on the lower right corner on the aluminum. I couldn't get the small scratches on the screen to show up in a picture, but the scuff is shown in one of the pictures. Other than the light wear, it works flawlessly. If you would like more pictures or a video, please contact me. Cash only.
