This is a hard to find jeep bed that is in EXCELLENT condition. As we are a Jeep Family, our sons first big boy room was decorated as such. As our “big boy“ is about to enter middle school, it’s time for another change. Our loss is your gain. As you can see from the photos, to buy the bed brand new would cost more than double. Look at the photos, send questions if you have them, all the stickers are in great shape, and all of the fog lights work, too.

Thanks for looking,

Chris
