Address:

Festus

Price:

50.00 \$

I have an infant car seat that we no longer need. It was only used for one baby, gently used & was never in an accident. Could go for a boy or a girl considering the colors of mint green & grey. We purchased it for \$65 brand new. Will also throw in some other baby head guard (can't think of the actual name of these things lol) that we bought separately free of charge.
