This is a VERY NICE couch. We are selling it because we are moving and will be getting a larger sectional.

It is a stylish and modern sofa and is extremely comfortable. It is extra wide and can be used as a very comfortable bed for guest since it is so big.

Couch is about 7.5 ft and probably over 3 ft wide (awesome couch!)

It is in perfect shape structurally and is a higher end, good quality sofa that we had originally purchased at Carol House for \$1500.00. There are no stains that I know of and the couch cleans very well with water and a little soap. The corners have been scratched by my cat and have some visible scratch marks. This couch is priced to sell so please act quick and only if you are seriously interested in purchasing.

I don't have a tape measure handy and I'm not going to be able to take more photos tomorrow (must work).

\$250.00
