Beautifully preserved Zenith "Solid State Stereophonic High Fidelity Phonograph - with AM/FM, wirh FM Stereo Tuner". This is a 44 year old console stereo/record player.

Plays 33rpm, 45rpm, & 78 rpm records. Includes ORIGINAL manual and paperwork.

Released in 1971 this is the B906 model. There are NO scratches in the wood and it was professionally serviced (see pics for service paper, and manuals).

One of the mesh speaker covers needs to be repaired thanks to a kitten we had. Other than that (pic of damaged mesh included), this item looks (AND WORKS) like it just came off the showroom floor.

Includes a spare needle and all related paperwork and documentation.

From what I've found, they don't seem to be anywhere for \$300-\$1000.
