Beige color micro-fiber, no tears, no rips, no dings, no stains. Couch has 2 reclining wall-hugger seats and a drop-down table in the middle that comfortably holds 2 dinner plates and 2 cups. The couch is approximately 89 inches long. Chair is a rocker and is also a wallhugger recliner. The pictures don't do it justice! This matching set was purchased from Ashley Furniture 3 years ago for \$1600 and is still in mint condition. I'm asking \$350 for the couch and \$250 for the chair.
