Price:

900.00 \$

Antique carved dining set. Table, 6 chairs, buffet and hutch. One chair has arms, the other 5 don't. This furniture is very stable structurally, however, there are a few blemishes and it needs refinishing. Great design, the table is rectangle (60 x 38x31 tall) with the leaves (90w), which extend 15 inches from underneath each end. The hutch is 61 1/2 tall, 38 wide, 16 1/2 deep. The buffet is 60 wide, 36 tall, 20 deep. One knob on the buffet doors needs to be reattached. Must see to appreciate. I thought I would refinish and use for office furniture. We are moving and it's not going to fit correctly. \$900 firm
