Like-new sectional - \$750

We bought this just before we purchased our new home and we hoped it would fit. However, we can't figure out an arrangement where it won't block a doorway. We love the color, the pillows, the comfort of it, and how we can seat so many people, but we have to try to find something that will work in our space. It is ivory/cream colored. Has been treated with Scotchguard

It is in two sections. The chaise part is 83" long and with the chaise it's a depth of 68". The sofa part is 90" long and 36.5" deep. When put together, the longest length is 10 feet. See image with measurements. There are no stains and no damage as we've only had it a few months. Costs \$1,875 new. (No cashier's checks or money orders.)
