Address:

Charlotte

Price:

Free

2007 model. Hardly used. Purchased as a gift new for my husband but as time passed, he simply buys packaged PODS so this Italian pro-level grinder just sits on a shelf. Rancilio is a widely recognized name for quality espresso machines and grinders. Heavy duty construction. Grinds from coarse to fine for coffee to espresso. Reliable and simple to operate. 110V. Includes manual.
