My wife loves rabbits, so I had this custom cocktail table made for her. We are redecorating and no longer need it. The top dimensions are 29 1/2" x 35" x 45", the height is 20". This is designed to nestle perfectly in front of a L-shaped modular couch (it is reversible), but would look great anywhere. The top is a 7/16" piece of shatter-proof tempered glass which is very easy to clean. This item is very sturdy and the top is level to the floor.

\$100.
