This solid oak table with four leaves is in good condition. We are moving and will have another table there, so we need to sell this one. The one leaf has a scratch on it that could use some repair. The approximate dimensions are 65"x42" without any leaves in it. The leaves measure approximately 10 3/4" each. It is pictured with one leaf in it. Please feel free to text or call! 6209606979
