I built this computer in May and it is everything i was looking for. Unfortunately now im going to a laptop and no longer even use the PC. It has been the best PC i have ever owned and its completely capable of running almost any new game on full settings. I will also be selling a new monitor, and keyboard with it. we can negotiate a different price if you would like those items as well

Parts list:

Case: Cooler Master HAF 932

Motherboard: MSI Z97-G45 Gaming LGA 1150 Intel Z97

PSU: EVGA 80 PLUS GOLD 750W

Hard Drive: Seagate barracuda 1tb

RAM: 12 gb Corsair Vengeance blue

GPU: MSI Geforce GTX 760 4gb

CPU: Intel Core i7-4770k haswell

OS: windows 7 with disc

There is absolutely nothing wrong with this computer. It runs like a dream. If your interested in purchasing this computer, please contact me. I will be happy to help you with any questions or problems. I am also selling it for a very low price. If you are interested in purchasing it, please contact me.
