Address:

Forest Dunes, Roscommon

Price:

300.00 \$

I am moving and find I cannot take this beautiful Oak Entertainment Center by Thomasville. The base has two doors with three drawers on the left side for dvds and three shelves on the right for consoles or additional media. (We have removed one door to expose consoles, but both are intact and working.) All four doors are inlaid with Maple. The top portion has doors that recess completely; power outlets; and spaces for three consoles. It will accommodate a television that measures 36' inches across. I paid more than \$3000 for the piece. I need to find a good home and someone to come and get it.
