I am selling my Keurig Special Edition Brew B60, this model is currently selling at its cheapest at Walmart for \$244.99 (price comparison results attached). An amazing machine however I am cutting caffeine out so I have no use for it any more. I've had it roughly 6 months, in perfect condition except it is missing the lid for the water tank, this replacement part is currently selling for \$13.00 on eBay. I am selling for \$185.00 OBO.

Also selling some kitchen stuff I recently replaced, a blender with food processing attachment, George Forman grill, black and white dishes, odd and ends silverware and utensils, small and large pots, etc.

Will include these items for free if interested.
