Gaming desktop for sale. Runs great, just cleaned everything including new thermal paste on cpu. Runs my 41 game steam library with no issues above 40 fps on high and above 60 on medium. Had it hooked up to my 55" 1080p tv ran fine. Upgrading to intel x99 chipset soon.

CPU: AMD APU A6-3500 currently at 2.7ghz, handles 3.0 fine.

GPU: Sapphire radeon hd 7850

MB: Gigabyte A55M DS2 FM1 socket

PSU: Logisys 575 watt with connector for gpu

RAM: GSKILL Ripjaws X 2x4gb 8gb total

Case is unknown but has 4 led fans with room for 2 more on the backside.

Asking \$225 OBO

Please be serious as I am about the item for sale.

You can msg here on fb and I will get back asap.
