Address:

Hutchinson

Price:

14000.00 \$

This adorable aqua and cream Gulf Stream Vintage Cruiser travel trailer model 19BFD is great for small group camping. The Murphy Bed is very convenient and can easily sleep two adults. The two bunk beds can sleep two more full-size bodies. The lower bunk can even be locked up to provide more storage. The Murphy Bed folds down over the cute dinette seating area. The set up for bed-time and for breakfast in the morning is very easy. The pantry cupboard is generously large. There is an entertainment center space above where you can add a TV, but there is not one installed now. The kitchen space includes a microwave, double sink, 3-burner range/oven, and a 6 cu. ft. refrigerator with freezer. Storage includes cabinets above and below the sink, plus good-sized drawers. We really like the tub/shower in the bathroom. Next to the toilet is a vanity with sink. The rear bunks include a ladder along the outer bathroom wall for easy access to the top. There is a closet for hanging clothes next to the bunks plus two more small closets next to the Murphy Bed. At the head of the bunks is extra storage room. Outside the front door is an awning with lights. External storage includes the front pass-through storage compartment. Valuable accessory equipment is already loaded here, with plenty of space for more. Those accessories include: a 30 amp surge protector, a city water flow control attachment, wheel blocks, tank dumping hoses, and two

25' fresh water hoses. A pass-through rear window provides easy access to the bunks beneath the lower flip
