This is a brand new rug with a French Victorian flair from Graphic Illusions. Hand Carved high-low texture with a contemporary color palette of a very light beige gray flat background & the detailed raised area a very light creamy ivory yellow.

The 4th picture is the most accurate for color, I took the pictures outside which ended up making it hard to see the true color.

The detail is a gorgeous raised motif that would go perfect in a bedroom, kitchen, living room ect. It would also go beautifully with the Lexington Victorian style furniture I listed...

It is 5'3"X 7'5"
