Antique Gesso and Wood Frame Mirror! Gold and Black Frame. Large 24x36. Pickup Only.

This is a beautiful antique gesso and wood frame mirror. Shabby chic with a sponged gold and black patina. The mirror is old but overall, this is a very beautiful and unique piece and is in good antique condition with typical wear and patina consistent with age. There are some small spots on the mirror where the silver has chipped away. There is a wire for hanging attached at the back. Very heavy, well made piece!

- Overall size: 24" x 36"
- Mirror size: 20" x 32"
- Hanging wire attached at the back

I have owned this mirror for over 20 years. I bought it at an antique shop in Maine. Sturdy, quality construction. It is in good antique condition with typical wear and patina consistent with age. There are some small spots on the mirror where the silver has chipped away--this is documented in pictures. Please view pictures carefully and contact me with any questions.
