Address: **Bogalusa**
Price: **2100.00 \$**

I have a Scotsman ice maker with a 350 lb. bin if you need one. The machine is a Scotsman model # cme506. The unit is rated to make 500 lbs. of cubed ice a day. The unit operates off of 120 volts and is air cooled. This machine has been refurbished and is clean and ready to be installed and start making good clean ice cubes. This machine comes with a warranty and is in great condition. - \$2,100

If you just need the machine but don't need a bin \$1700

I have larger machines also.

Call Jim - 225-445-six21six
