We have a queen size Lorence Latex Pillow top bought at Wild West Clays Rustic Furniture a couple of months ago. This mattress is made by Northwest bedding and is in their "Hospitality Collection, The bed at Northern Quest Resort and Casino mattress. Check out link here.... [http://www.nwbedding.com/desc.ydev?prod\\_id=34330](http://www.nwbedding.com/desc.ydev?prod_id=34330) we originally bought this mattress for \$1800, they are on sale for \$1400 right now and we are asking \$500 obo. Very comfortable and supportive mattress, we just upgraded to a King size.

It has been in an "Encase mattress protector" since we bought it. Mattress protector is included in purchase as well as box springs. One board in the box spring is broken from us moving it.
