Address:

Ephrata

Price:

4000.00 \$

Awsome classic camper hate to sell but were getting into something newer. I put a new Jack on it re painted the stripes on the outside and new tires. The inside has been repainted, new light fixtures with plug ins I put a futon mattress in the back because original cushions were gone the stove and oven work the water line is not hooked up to the sink but the tank is there and it has been replaced at some point. I will throw in a 1000 watt yamaha inverter generator and a heavy duty tarp for the winter these are getting harder to find and value is going up 4000 obo no trades
