Antique Pie Cabinet for sale – Size is 68 inches high by 16 inches wide and length is 37 inches. Asking price is 150.00 dollars.

I do not know the age of this antique pie cabinet as my wife acquired it at her at past Craft Shop many years ago. Work remains to be done in refurbishing this antique pie cabinet, the four doors - top and botton need to be redone. There are two middle pull drawers that work quite well. A check and review of similar antique pie cabinets on web sites show the cost for this style and type of antique pie cabinet to range from about 600 dollars to 800 dollars.
