Address: Price: Gallatin 50.00 \$

Gray sectional. Has some pet damage. 2 of the sitting cushions were chewed and has cat scratches on one of the sides. I place a blanket where the puppy chew on the sitting Cushions and sits well, Besides that is clean. Doesnt smell like pets and it's been clean from all hair. They do not go on the furniture, my pets are very well potty trained. I will revacum again before pickup. It's big and it's on a second floor so will need a big truck or trailer to haul. It's a little heavy so help will be needed. Will need to night furniture. be out by friday and moving and updated my lt's about 3 years old.
