Just Reduced! Beautiful Wooden Table with Decorative Inlay Artwork/Pictures depicting a wedding procession. This table has a protective glass piece on top so you don't have to worry about putting things directly on it! Very Well Made! This table is very heavy, however the legs do come off easily which makes transporting it much easier. The chairs are solid but as you can see in a few photos they need to be re-upholstered and if you remind me I have red and white chair covers I will include! If you wish to redo them, it should not be too hard since the seats simply sit in place and are not nailed etc to the frame. This was a gift from our Indian Friends and the original price tag was 10,000!

\*Cash Only! You will need to come and move the table and chairs. We can help you load it.

A large blanket is ideal for protecting the glass.
