Address:

West, Janesville

Price:

26000.00 \$

This is a well maintained 2012 CAT 242B3 Skid Loader 2 Speed, with cab and door. The machine was primarily used for snow plowing. Machine includes bucket. We are purchasing new machines to replace our current fleet. Machine has low hours of 1078.8 hours. Machine is greased before each use, and or when it is fueled up. Engine Oil and Hydraulic oil were changed in May. Engine oil is changed every 100 hours or every 6 months, whatever comes first. Inside of machine is clean. Machine does have some surface rust as seen in pictures. Rust is present around the bucket attachment, floor. Should clean easy.
