This black leather blend sofa has (obviously) been well used... on one end! The finish has peeled (see photo) on one end from normal wear and tear of five and a half years, but the two reclining manual mechanisms on each end work great. This piece would be a great addition to a college student's apartment, a basement rec room, a hunting lodge or a work lounge. Has been in our non-smoking home with no pets; measurements 92"Wx38"Dx37"H.
