Address: **30th, North East, Hutchinson**
Price: **350.00 \$**

I purchased this saxophone used for my son for school and had it serviced and any pads replaced that needed to be at Keller Music. It was only played for a couple of weeks after servicing.

There is normal wear and scratches on the front and more wear on the underside but still looks fine for band class and plays fine.

Comes with case and some accessories.

I am asking \$350 or best offer.
