Address: **Kodiak**
Price: **1.00 \$**

Alaska Marine Cleaning has a storage unit on Kodiak island. We dont use the contents much, like since 2009.

We are looking for someone to purchase the entire contents. If you are intereseted please contact us via this add and we can talk about it. This is going to be a very good deal for someone.

First thing and blocking the door is a mid 90's 3/4 ton Chevrolet Van. Not very pretty but good tires and I personally put a Chevrolet crate motor in it in 2003. We may have even had the tranny rebuilt, will have to check our records.

There is also a 2000 gallon poly water storage tank.

Please do not contact the storage company. They will not help you.
