Feel the chill in the air? See the white snow in the mountains? Always wanted to free your heels and soak in the cool "I don't care" vibe? I'm offering my whole Tele rig, K2 Heli Stinx Telemark skis 190cm with Black Diamond Riva II adjustable cable bindings, Voile' heel plates with heel raisers and new Black Diamond skins with carry bag AND Scarpa T2 Boots size 10.5-11 The Scarpas are a euro size 45. Everything is in very good condition. Has a storage coat of yellow wax and edges recently tuned. I got 'em through my old work at REI and they have been maintained. So if you want to finally join the 1990's and free your heels, NOW is your chance. Get out into the backcountry, side country, or the lifty areas with old shool pride and show 'em you don't care that they don't care that you tele! Don't fit the boots? Fine! Just don't want 'em? That's fine too. Skis and skins definitely go together. So, lets call it \$200.
