Asking \$750 Or Best Offer!!!

This is full electrical home hospital bed with rails and a pressure redistribution mattress. No one died in this bed so please don't ask that. The spots on the bed are a drink that was spilled, I'll have it cleaned before pick up. This bed was only used for about a month. I did use stock pics to show that it can be adjusted higher or lower. We will take any reasonable offer. We know there are people out there who really need a bed like this and we don't need it anymore.
