Hello,

My girlfriend and I are relocating to around the Newport area on November 28th. We're in need of a spot to park our off-grid tiny house for possibly a couple months while we get settled in the area and look for a house to buy. About us, we're both quiet working professionals, very organized and clean. We're both in our 30s, with no pets.

Our current situation, we each pay 150\$ plus 10hrs of work around the ranch we live on. We're basically asking to rent a small piece of your property where you won't know that we're there in exchange for cash and/or work around your property. We each have many professional skills we can offer. References upon request

Thank you

Mitch

and

Danielle
