Rocky X-Flex Side Zipper Boot #RKD0037 Black Military Police Security 9 inch wide Black - Excellent condition - worn once!!!!

Rocky designed the Rocky X-Flex 9 Inch wide Waterproof Duty Boot RKD0037 because they know how hard you work and the steep demands you encounter. This boot is made with an aggressive and capable rubber outsole for traction and support, and a full-grain polishable leather upper for passing inspection. With features like the new Rocky VP waterproof and a YKK locking side-zipper for easy on and off and you'll be ready for whatever the day brings..

This boot is made with the Rocky Waterproof system. The system allows air to circulate in, but it keeps water out. Your feet stay dry, guaranteed. It's hard to beat the warmth provided with the Rocky X-Flex. You'll be prepared for any trek through the snow and subzero temperatures because your feet will be wrapped in 1200g of 3M™ Thinsulate™ Ultra insulation.

This boot has great traction and helps you grip the terrain with a multi-directional Blizzard outsole. The waterproof Cordura® combination upper consists of a rugged, tear-resistant, and abrasion-resistant Cordura® fabric and provides additional water protection.
